RESET 2021 WEBINAR SERIES

DIGITISATION & CYBER SECURITY

Covid-19 is said to be a gift for cyber crooks. While battling the virus, people let down their guard and are more dependent on digital tools. From a rise in WhatsApp hijacking to QR code scams, how can we double down on keeping both the physical and digital viruses at bay?

The panel discussion will be fielded by experts who include **Mr David Koh,** Commissioner of Cybersecurity and Chief Executive of Cyber Security Agency of Singapore, and moderated by ST's tech editor, **Irene Tham.**
