INTERNATIONAL SKYRISE GREENERY CONFERENCE
9 & 10 November 2017
Singapore EXPO Convention and Exhibition Centre

SYMBIOSIS: INTENSE NATURE WITHIN CITIES

Nurks / CUGE Certified Practising Horticulturist (CPH) eligible for 12 CEUs

www.greenurbanscapeasia.com | #ISGC2017
Symbiosis: Intense Nature Within Cities

The breadth and depth of the skyrise greenery movement have grown over time across cities. Elevated building platforms, gaps, corners, roofs and even underground spaces have become new planes for land-scarce cities like Singapore. With this evolving symbiotic relationship between cities and nature, a diversity of landscape typologies has emerged to meet a range of community objectives.

The fourth edition of the International Skyrise Greenery Conference (ISGC) continues to deepen the conversation of skyrise greenery. It will focus on the topics of resilience, new levels of greening and integrating social needs into urban infrastructure. The conference also offers an open platform to draw lessons from the challenges nature presents – shaping intents, outcomes and even the bottom line of greening projects. Scheduled for 9 & 10 November at the Singapore EXPO Convention and Exhibition Centre, ISGC 2017 is the key skyrise greenery conference that you do not want to miss!

Register for the technical tour on 11 November to explore world leading skyrise greenery projects in Singapore to experience how architects push the boundaries of design.

PARTICIPATION BENEFITS

- Hear from our Panel of over 25 World-Renowned Experts
- Be updated on Key Industry Trends in Asia in just 2 days
- Meet the Right People through our Business Matching Service
- Develop Business Opportunities and Partnerships
- Explore World-Leading Skyrise Greenery Projects in Singapore

EXHIBITION HIGHLIGHTS

Asia is home to the world’s fastest growing cities. With the region’s increasing urbanisation, the global search for urban design, landscaping and greenery to create spaces that are conducive for work, live and play has never been more pressing.

Held alongside the 4th International Skyrise Greenery Conference, GreenUrbanScape Asia, an international exhibition on landscape, leisure, greenery design, construction and technology, returns for its third edition on 9 – 11 November 2017 at the Singapore EXPO Convention and Exhibition Centre. Expecting to draw over 4,000 trade professionals and buyers, GreenUrbanScape Asia serves as a platform for policy makers, property developers, landscape architects and contractors, consultants and engineers, service providers and others, to exchange knowledge on latest greenery and urban design methods and evaluate current cutting edge solutions and technology.
CONFERENCE PROGRAMME

THURSDAY, 9 NOVEMBER 2017

WELCOME & OPENING ADDRESS

KEYNOTE ADDRESS

PLENARY SESSION I: VERTICAL RESILIENCE
Going beyond aesthetics to meet the challenges that lie ahead for vertical greening

- Going Beyond Aesthetics to Meet the Challenges that Lie Ahead for Vertical Greening
  Ms. Sim Choon Heok, Senior Associate, WOHA Architects, Singapore
- Landscaping For Urban Spaces and High-Rises (LUSH) 3.0 Programme
  Ms. Goh Chin Chin, Group Director (Development Control), Urban Redevelopment Authority, Singapore

PANEL DISCUSSION

LUNCH

PLENARY SESSION II: CITIES ON A NEW LEVEL
Lifting the planes of greening to explore opportunities underground and above ground – underground parks, sky terraces and gardens in the sky

- Lifting the Planes of Greening
  Dr. Hossein Rezai, Founder-Director, Web Structures, Singapore
- Lifting the Planes of Greening and Sustainability
  Mr. Shoji Kaneko, Senior Urban Designer, Nikkin Sekkei, Japan

PANEL DISCUSSION

PARALLEL TRACK I: GREEN ROOFS – MY NEW BACKYARD
Reinventing garden spaces as we move towards vertical cities

- Rooftop Honeyhuts: The Experience of Melbourne City
  Ms. Vanessa Kwiatkowski & Mr. Mat Lumalasi, Founders, Melbourne City Rooftop Honeypot, Australia

PARALLEL TRACK II: VERTICALITY AND SAFETY
Acknowledging the increasing need for safety within skysrize greenery

- Incorporating Safety Elements in the Design of Vertical Greening Systems for Buildings
  Mr. Sherman Stave, Principal, STX Landscape Architects, Singapore
- Planting Trees on Terraces and Balconies for Safe and Sustainable Vertical Greening
  Mr. Nelson Li, President, Taiwan Greenroof & Greenwall Association, Taipei

FRIDAY, 10 NOVEMBER 2017

PLENARY SESSION III: PLACEMAKING
Vertical landscaping for redefining new spatial identities for the urban user

- Urban Greening and Redefining New Spatial Identities
  Mr. Matthew Mackay, Associate Studio Director, Aspect Studio, Australia

PANEL DISCUSSION

PARALLEL TRACK III: HIDDEN CHALLENGES
Identifying difficulties and reinventing solutions as a continuous process

- Greening as a Constant Process of Evolution and Innovation
  Mr. Veerasakaran, Managing Director, Greenology Pte Ltd, Singapore

PARALLEL TRACK IV: BIOTECH AND INNOVATION
Advances in the increasing use of plants for developing green technology

- Green Plot Ratio (GnPR) and Building Information Modelling (BIM) Vegetation
  Dr. Ervine Lin, Researcher (Urban Ecology), Centre for Urban Greenery and Ecology, Singapore

LUNCH

PLENARY SESSION IV: THERAPEUTIC ON THE RISE
The evolving goal of vertical/skyrise greenery in emotional and physical wellbeing

Speakers and topics to be advised.

PANEL DISCUSSION

AFTERNOON TEA

CLOSING KEYNOTE ADDRESS

CLOSING REMARKS

DELEGATE PROFILE

- Academics
- Arborists
- Architects & Planners
- Building Contractors
- Building Consultants
- Building Materials Producers
- City Planners
- Engineering & Contracting Services
- Estate & Facility Managers
- Government Officials
- Horticulturists
- Landscape Architects
- Landscape Contractors
- Landscape Designers
- Park Owners & Managers
- Policymakers
- Project Consultants
- Real Estate & Property Developers
- Town Council Managers / Officers
- Urban Planners

SUPPORTING ASSOCIATIONS

The Singapore Institute of Landscape Architects (SILA)
A non-profit organisation representing the Landscape Architectural professional in Singapore. It was established in 1985 to advance the art of Landscape Architecture and the theory and practice of landscape, environmental, and urban design; to promote research and education therein; and to create and maintain a high standard of professional qualification.
www.sila.org.sg

Landscape Industry Association (Singapore) (LIAS)
Incorporated on 11 May 2001. The mission of LIAS is to develop and promote professionalism and quality in landscape products and services to fulfil Singapore’s vision of being a City in a Garden.
www.lias.org.sg

National Parks Board (NParks)
NParks is responsible for providing and enhancing the greenery of Singapore. Beyond building green infrastructure, managing parks, park connectors, nature reserves and marine parks, NParks actively engages the community to enhance the quality of our living environment. NParks also works closely with partners in the landscape and horticulture industry to increase productivity, and provide training for all levels of the workforce so as to support Singapore's vision of being a City in a Garden.
